## Book Blurbs...by Kate Foley

### "Love, Simon"

A teenage boy, Simon, strikes up an online romance with another boy in his school through anonymous e-mails. When another student discovers Simon's e-mails, Simon is forced to meddle in his friends' lives to keep his identity a secret.

Find it in the library at DVD/LOV or BLU/LOV.

### "Midnight Sun"

Teenager Katie Price has a rare condition, xeroderma pigmentosum, which prevents her from ever being exposed to sunlight, which is deadly to her. But after her longtime crush Charlie asks her out, Katie keeps her condition a secret and risks more and more to be with him.

Find it in the library at DVD/MID or BLU/MID.

### "A Wrinkle in Time"

Based on the classic novel by Madeline L'engle, the movie follows thirteen-year-old Meg Murry who has had to adjust to her new life after her famous scientist father mysteriously disappeared. After Meg's younger brother Charles Wallace introduces himself to a strange woman, the two siblings discover that their father is trapped in another world and set out to save him.

Find it in the library at DVD/WRI or BLU/WRI.

### *Defy the Worlds* by Claudia Gray

This sequel in the Constellation series finds Noemi burdened with the responsibility to save the people of Genesis from a terrifying plague. During her mission, though, Noemi is captured. Meanwhile, Abel, the most advanced cybernetic man ever to exist, hears the news of Noemi's capture by the same person Abel is trying to escape. He's determined to save her, however dangerous the rescue may be.

Find it in the library at J/TEEN/GRA.

### *Leah on the Offbeat* by Becky Albertalli

Told from Leah's point of view, this is the sequel to *Simon vs. the Homo Sapiens Agenda*. Leah and her friends are having a difficult time maintaining their relationships in this tricky transition from the end of their senior year to the beginning of their lives in college. This period of uncertainty is made even more complicated when Leah realizes she has feelings for one of her female friends who is presumed straight.

### *Save the Date* by Morgan Matson

Family drama and wedding disasters abound in this fun yet chaotic contemporary novel. Charlie Grant's older sister is getting married this weekend and Charlie's plans to make it a perfect one are shaping up to be harder than she thought. Not only will Charlie have a difficult time trying to save the wedding, but she'll also discover more about her family that she ever knew before.
