# Restrooms

Learn more!

Updating our library's restrooms was essential to improving accessibility, comfort, and inclusivity for all visitors. After over 40 years without upgrades, renovations were needed to meet modern standards of cleanliness, efficiency, and accessibility. New family restrooms offer a safe, convenient option for caregivers, while updated facilities create a more welcoming space for everyone. These improvements reflect our commitment to making the library not just a hub for learning but a place that meets the basic needs of all who visit.

## Our Next Chapter

Thanks to the Keystone Grant, our library's restrooms are cleaner, more accessible, and modern. However, we are still seeking funds to help cover the remaining expenses of the project. Your support will help us pay for the final costs and ensure that these important upgrades continue to benefit our community for years to come.

# SEED LIBRARY!

### TAKE FREE SEEDS

Take free seeds (up to 5 packets) and start growing your own garden! Explore a variety of plants, herbs, and flowers—nurture nature, one seed at a time!

### GROW PLANTS

Plant your seeds and watch them flourish! Enjoy the beauty of homegrown herbs, flowers, and vegetables while supporting local biodiversity.

### Create Community

Connect with fellow gardeners and grow together! The library offers resources to help you learn about planting, sustainability, and caring for your garden.

# Open House Highlights!

Row 1: Miss Sarah has storytime with some special guests.

Row 2: Friends from Penn State Health helped plant some herbs! The eagle showcases the day's events.

Row 3: Book crafters made some hanging art. More herb planting. The eagle investigates the new seed library.
